

#### **About Us:**

- India is the fruit and vegetable basket of the world. India has a unique position in production among other countries as variety of vegetables crops. Vegetables are becoming increasingly important as cash crop for urban and export markets. Over 90 % of India's exports in fresh products to west Asia and East European markets.
- We are one of the prominent exporter and supplier of fresh vegetables in india. Our company acquires high grade vegetables from reliable farmers in order to provide best quality to its clients. Our fresh vegetables are packed in high grade packaging material in order to retain freshness. Our assortment of fresh vegetables includes all type of Indian Vegetables. We use trusted and sophisticated logistics to deliver the fresh vegetables within a given period of time. Our company provides vegetables at the best prices in the market.

#### **Our Team**

- Our team of well qualified and experienced professionals is the strength of the organization. These professionals are having in-depth knowledge of their respective domain, which enables us to serve our clients in a better way. Our professionals are capable to work under extreme pressures and they are always working in a close co-ordination to carry out the existing business processes and procedures in a well planned manner. Owing to the sincere efforts and dedication of our team, we have been able to achieve a commendable position in the industry. Our team comprises:
- Administration executives
- Procurement managers
- Quality controllers
- Sales and Marketing executives
- Client service executives
- Packaging experts
- Warehouse personnel

- We are global exporter of fruits and vegetables. All kind of seasonal fruits and vegetables is available for export. Like Potato, Kakrol, Kochur Loti, Long Beans, Kochu, Jhinga, Green Chilli, Lemon, Potol, Kohi, Pineapple, Jackfruit, etc.
- Indian fresh fruits and vegetables are really tasty and very popular all over the World. We do export on regular basis fresh fruits and vegetables as per clients order by Air shipment & by Sea. Our product quality, honesty and commitment are main power of our Business.

#### OUR MISSION

To create a reliable supply chain that satisfies our clients with Safe and High Quality Produce at one end and provides sustainable incomes and a high standard of living for our team and select small scale contract farmers.

#### OUR VISION

To be a world class exporter of fresh vegetables and fruits with steady high quality and timely supply.

#### OUR VALUES

We are driven by integrity, professionalism, flexibility, and most importantly, teamwork.

#### What Makes Us Different:

#### • We get it. Because we grow it.

**In** addition to working with a reliable team of experiences growers, we own and operate our own sweet potato farm. Not only does this mean we know first-hand the challenges our partners face — it also means we have greater control over supply.

#### • We give you fresh thinking. Every step of the way.

We're a grower. We're a packer. We're a distributor. We've been across the country and around the world. We understand every link in the chain — and we make sure each and every one is strong enough to keep you supplied with everything you need, week in and week out, whatever the weather, wherever you are.

#### You buy it, you name it.

You've spent time and money building your brand, so it only makes sense to show it off every chance you get. We'll work with you to create completely customized packaging for your shipments, so it's your private label that customers see when the produce arrives.

#### We mind the GAP.

We proudly follow the standards of GLOBALG.A.P., a key reference in the worldwide push towards best practices in the produce industry, now covering more than 100 countries.

#### We've got nothing to hide.

Around here, one day of really hard work is just like any other; we don't need time to clean up or hide things under the rug when company comes. So if you want to see what we're all about, drop by anytime
